A Remarkable Menagerie: ANIMALS IN ART

January 26 – April 7, 2013

Barbara Hunzicker and Hal Stevens, Curators

Sharp teeth, pointy feet! Fur, fins and feathers! The contemporary critters in our "Remarkable Menagerie" represent the animal spirit from the wild to the whimsical. Cultures of the East and the West, both ancient and modern, have depicted man's relationships to other animals in sculpture, drawings, paintings and weavings. In an exciting mix of materials, our artists have captured the vitality and appeal of the animals we admire; the animals we love; the animals we fear. Everyone in the family will find something fascinating in the exhibition. Please, no petting or feeding.
