

My Trip to the

dacco studio
DECORATIVE ARTS CENTER OF OHIO

STUDIO ENTRANCE

Parking

Parking is available behind the museum

Soon, I am going to visit the Decorative Arts Center of Ohio. It is a **museum**.

I am going to have an **art class**

The museum is **red brick** and the **studio** is **yellow brick**.

The **studio** is a place that we can paint, work with clay and do all kinds of art projects.

STUDIO

A teacher will meet you in the studio.

The studio is a safe place to make art

The **teacher** will meet you in the **studio**. This is where you can make art. The teacher will help you with your studio project.

It's important to listen to the teacher's instructions.

Making art is fun and it helps with motor, social, and creative thinking skills.

ART PROJECTS

Teachers are trained artists that help you with your art projects

Sometimes our class will go to the museum to see the **exhibition.**

(see the **Museum Social story**)

Art Classes and
Exhibitions change
and you can come
back as often as
you like.

GOODBYE

We hope that you come back and see
us soon.
