Art Scholarship Program Evaluation School Personnel

Impact on the Students

1. Please reflect on your students who have taken art classes at the Decorative Arts Center. What kind of changes have you observed in these children, both academically and socially?
2. Recent research has shown that students who participate in arts perform better in other fields of study. Have you witnessed this in your students who take part in the art classes at the Center? If so, please explain and provide examples.
3. Why do you recommend this program to your students?
4. What do you value about this experience?
